BIG BOAT UPSET BY THE CYCLONE

ELEVEN PEOPLE LOST THEIR LIVES AT CAIRO.

Ferry Boat Katherine Was Capsized, and Nearly All the People Aboard Were Lost—Early Reports Incorrect—Forty Killed in Eastern Michigan—Storm News.

Cario, Ill., May 27—**The reports sent from Jonesboro regarding the disaster at this city, were greatly magnified. The principal damage done by the cyclone, beside cutting off communication for a time, was the capsizing of the ferry boat Katherine. There were sixteen passengers aboard and seven were lost. Four members of the crew were also drowned. The dead passengers are:**

MRS. WILLIAM SHANNON, of Birdspoint, Miss.
BERTHA MAY JONES, Cairo.
CHARLES GILHOFER, Cairo.
RICHARD L. THURMAN, Cairo.
WOOD RITTENHOUSE, Cairo.
INFANT CHILD of Mrs. Shannon.
MRS. LOU MASSEY (colored) of Villa Ridge.
GEORGE DAVIS (colored), laborer.

The Katherine, Captain J. T. Hacker, as usual in command, left Birdspoint at 7:15 for Cairo, and left Cairo at 8:15 o'clock for Wickliff, only a minute or two before the storm burst forth in all its fury. It was not over five minutes after the boat left the ferry landing in Cairo before she capsized.

Captain Hacker, when asked about about the accident, said: "The boat was caught in a twister, which blew her all to pieces. Nothing could be done to save her. It was not storming when I left the ferry landing."

Five miles of telegraph poles were blown down on the Mobile & Ohio railway. It is impossible to tell the extent of the damage south of here, but it is believed to be very great. In this city a terrific wind blew and torrents of rain fell. The opera house and union depot were unroofed, trees were destroyed and signs blown down, but no houses were destroyed nor lives lost.

LONG LIST OF VICTIMS.

Forty Killed by the Cyclone in Eastern Michigan.

Detroit, Mich., May 27.—The cyclone which devastated the fairest farming section of Oakland, Lapeer and Macomb counties Monday first made its appearance in Groveland, Oakland county. It was about 7 o'clock when the inhabitants of Groveland were surprised by incessant flashes of lightning unaccompanied by thunder. Off in the west they saw a yellowish black cloud, and in the east another of the same tint. In a very short time it swept down upon Groveland and in the twinkling of an eye had wiped out the settlement. Abram Quick and his family of six were at supper and the next minute were all dead in the ruins of their little home. The only other fatality there was in the family of Mrs. William Mitchell, where three persons were killed.

The storm swept on eastward and next struck Ortonville. With a spiteful twist it jerked off the Methodist church steeple and then laid in ruins every building in the little hamlet, including the church. Libbie Davidson, whose house was wrecked, was carried fully 200 feet and when picked up dead in the fields was almost unrecognizable. Ed Field's home was brought about his ears almost in an instant and his little daughter Mary blown into a neighbor's field. After razing the biggest building in the village, Belton's drug store, and setting fire to the ruins, the cyclone grew ugly for a time and swept out everything within reach.

The following is the corrected list of dead at Groveland: Abram Quick, Glen Quick, 6-year-old son; Myrtle Quick, 4-year-old daughter; Boss Quick, baby son; Mrs. Henry Quick, mother of Abram; Mrs. William Mitchell and her sons, Claude and Jay.

At Oakwood—Mrs. Susan Stewart, Mrs. E. A. Wolverton, Mrs. William Davidson and daughter, Ida; Ed. Fifield; child of Alfred Fifield; Ed. Howe is fatally injured.

At Thomas—Charles Hicks and son.

At Maysville—Prescott Williams, Joseph Porritt, John Porritt, Mrs. Louis Porritt.

Between Maysville and Ortonville—Mrs. William Kitchen, Abraham Kitchen, T. E. Gleason, Mrs. C. E. Eaton, Trest Wilkins.

East of Thomas—Mrs. Oscar Slate, unknown tramp, Andrew Pettibone, Thomas Bishop, Joseph Smiley, sr., Joseph Smiley, jr., Frank Laidlaw's infant son, Mrs. Thomas Bennett, unknown woman.

At Whigville—M. Bremyer.

The death list may reach forty, and the list of injured will surpass the 100 mark. No one was killed in the secondary cyclone between Utica and Mount Clemens.

Following are the names of the injured:

At Ortonville—Joseph Porritt, rib fractured and bone driven into lung, will probably die; Oscar Granger, gash on head, dislocated shoulder and chest, will probably die; Mrs. Abraham Quick, injured internally, recovery doubtful; Henry Quick, old man, badly bruised; William Mitchell, skull fractured, recovery doubtful; H. C. Lamflamboy, internally injured; was found buried under timbers; Elmer Lamflamboy, bruised by falling timbers; William Kitchen, hand crushed; Sylvester Wells, shoulder and back injured; Louis Porritt, cut about head and face; T. C. Eaton, injured internally; Arthur Woodruff, leg broken; R. Kent's 10-year-old son, leg broken; Mrs. Horace Grossley, badly bruised; Archie Woodruff, leg bruised. Many others were injured, but not dangerously.

At Oakwood—George Fieldfield, leg broken and scalp badly torn; condition critical; Kate Davison, badly bruised; Wesley Davison, internally injured; Mrs. Nelson Copeland, badly bruised; Harvey Francis, rib broken and injured internally.

At North Oxford—Oscar Slate, leg broken; Mrs. Pettibone, seriously injured about head; Mrs. Frank Laidlaw, internally injured; Mr. and Mrs. Bessey, cut and bruised; Baby Slate, leg partially scushed; Miss Arnold, cut and bruised; Archie Mathison, spine and hips injured.

At Thomas—Mrs. Sidney Copeman, badly bruised about head and body and internally injured; recovery very doubtful; M. L. Kidder, arm broken; man, employed by Dr. Sulter, arm broken and torn; Will Carr, back and arms injured; George Hibbler, leg crushed; had to be amputated; Will Althouse, ribs broken; Myron A. Johnson, leg broken; Mrs. M. I. Kidder, cut and bruised; David Althouse, head gashed; A. Reed, injured internally; T. P. Knapp, leg broken and cut on head.

At Thornville—Mrs. Joseph Smiley, sr., injured internally, may die; Thomas Bennett, cut and bruised and ribs broken; John Peters, badly bruised.

At Mount Clemens—Mrs. Anna Pohl, injured internally and not expected to live; Mrs. Julia Ormsby, arm crushed; Miss Annie Bell Teabo, skull fractured and arm broken; Mrs. Annie Peltier, back slightly injured; Mrs. Starbeneau, ankle crushed; Henry Adolph and William Pohl, bruised and crushed; doubtful if Henry will recover and William has a leg broken; Ed Mosher, arm dislocated; Mrs. Haider, injured internally; Mrs. Russell Carter, face and head cut; Boy Carter, cut on head; Augustave Authe, right arm and head injured.

Loss of Life at North McGregor.

Dubuque, Iowa, May 27.—Passengers from North McGregor gave particulars of the deluge there but very little different from those sent from here Monday. The bodies of seven of the town people have been recovered; also those of six canvasmen attached to Kirkhart & Ryan's circus. The canvasmen had been at South McGregor, and as everything connected with the circus had been made ready for the going of the company to Winona, the six men went up to North McGregor and entered a box car, and they were caught in there when the storm came. W. W. Robinson says the most conservative estimates place loss of life at North McGregor at twenty-seven, and that it will be several days before names of all can be learned.

Damage in Tuscola County, Mich.

Bay City, Mich., May 27.—The windstorm that swept over the city Monday night developed into a cyclone in Merritt township just before it reached Tuscola county. The cyclone struck the earth four miles east of Munger's station, killing Ion Edwards and seriously injuring several other farmers. Schoolhouses and farm buildings were destroyed, giant trees were uprooted and much live stock killed. In Tuscola county a great deal of damage was done and many persons were injured, but none seriously. The estimated damage in both counties is $80,000.

CZAR IS CROWNED.

Utmost Ceremony Used in the Coronation of the Emperor and Empress.

Moscow, May 27.—His majesty, the Emperor Nicolas Alexandrovitch, autocrat of all the Russias, and her majesty, the Empress Alexandra Feodorovna, were solemnly crowned Tuesday in the Cathedral of the Assumption, with the utmost ceremony, and in accordance with all the religious forms and ancient rites.

Want Bland for President.

Oklahoma City, O. T., May 27.—The democratic territorial convention met in this city Tuesday, and after the stormiest time even seen in Oklahoma, indorsed Bland for president, and instructed the six delegates of Oklahoma to vote for him and to favor the free and unlimited coinage of gold and silver at a ratio of 16 to 1, and to support no candidate for president or vice-president who was not in favor of such free coinage.

Gov. Campbell Would Accept.

Hamilton, O., May 27.—Ex-Governor James E. Campbell, of Ohio, who has been receiving much attention as a democratic presidential possibility, says that, while he is not a candidate, he would feel it his duty, if nominated at Chicago, to accept, no matter what the platform might be. Of the money question he says: "It looks as if the silver sentiment is a popular wave spreading over the country."

Cook County Democrats Meet.

Chicago, May 27.—The Cook county democratic convention held Tuesday, adopted a platform which "demands the imemdiate restoration of the bimetallic system and the free and unlimited coinage of both silver and gold, without waiting for any other nation." It elected 362 delegates to the state convention and was silent on the presidential question.

CAR FELL 100 FEET; FIFTY PEOPLE DIE

TROLLEY ROAD HORROR AT VICTORIA B. C.

Bridge Gave Way and it is Thought That Fully Half a Hundred People Met Their Death—List of the Unlucky Victims—The City in Gloom.

Victoria, B. C., May 27.—An electric car, crowded with people, broke through the Point Ellice bridge Tuesday afternoon and nearly all the sixty passengers were drowned. It is believed that fully fifty lives have been lost.

A sham fight and a review were to take place at Macauley Point, near Esquimault, in the afternoon, and crowds were making their way there by every route. All the tram cars were packed.

Two cars left Government street with more than 100 people. The first got over Point Ellice bridge, which crossed Victoria Arm safely. When the other car was about half way over the middle span of the bridge, about 150 feet in length, gave way, and the car plunged into the water, some 100 feet below. Numbers of the bodies have already been got out, and the work of identification is proceeding. It is a difficult matter, as a great many of the bodies are those of visitors. So far as known the dead are: Mrs. Adams, Widow, Victoria; Frederick Adams, her son; E. B. Carmichael, Victoria, and his wife; J. B. Gordon, of Vancouver, representative of Bradstreet's; Mr. Edmonds, of Victoria; Miss Nathan, of Sprin Ridge.

Mr. Bossi, a storekeeper of Victoria.

Arthur Fullerton, son of W. E. Fullerton, of Spring Ridge, Victoria.

Mrs. Heatherbell, wife of William Heatherbell, of Victoria.

Mr. Wilson, of Victoria.

J. A. Van Bookkelin, a prominent citizen of Port Townsend.

Miss Annie Keast,daughter of Arthur Keast, deputy register of the Supreme court, Victoria.

Charles Leveridge of Spring Ridge, Victoria.

Mrs. G. I. Post, Victoria.

James McCurdy, of Port Townsend.

E. B. Carmichael, commission agent.

Master Post, son of G. I. Post.

Archie Biggar, aged 6, son of George W. Biggar.

Miss Biggar, aged 5, daughter of George W. Biggar.

Frank Orestat, bootblack.

Miss Minnie Robertson, daughter of W. A. Robertson.

Mrs. E. B. Carmichael.

—— Holmes, bookkeeper of Sayvard Milling company.

Miss Sophia Smith.

Miss Birt, Anacortes, Wash.

James Lorie.

William Pearson.

Miss Turner.

The two Misses Bowness.

Miss F. Jackson.

Giuseppe Rowe.

A son of Sergeant Major Mulchahey.

Emma Otsen.

Miss Grace Alford.

Mr. James.

Thomas Patterson.

Gabriel Matteria.

Mrs. Trout, Seattle.

Mrs. Woodhouse, Seattle.

Mr. Jackson, a cattle man.

Miss Flora Jackson.

H. Talbot, motorman.

George Farr, conductor.

Mrs. Housean.

James Henry Tyack.

Miss Ida Goodacre, Tacoma.

Besides the above, Mrs. Lout, of Seattle and Miss Ida Goodacre are known to have been on the car and are missing.

There were several carriages on the bridge, and these were also precipitated into the water. Superintendent Wilson was driving one of these, and had his five children with him. He succeeded in saving himself and four of the children. The fifth, a little boy, was wedged between some iron bars and was drowned.

Among the saved are the following:

Ex-Alderman W. A. Robertson, of Victoria, head badly cut.

Canon Paddon, of Victoria, bruised and nearly drowned.

G. W. Biggar, bruised and nearly drowned.

Mrs. Biggar, badly cut about the head.

Dr. Lange, badly bruised.

As soon as the news of the accident reached Macaulay the review was brought to a speedy termination, as, under the circumstances, was possible, and the sham fight was abandoned. The sad affair has cast a deep gloom over the city.

For Altgeld and Free Silver.

Clinton, Ill., May 27.—The DeWitt county democrats held a convention Tuesday. Resolutions strongly indorsing the administration of Gov. Altgeld were passed. The delegates to the state convention are instructed for free silver.

Sycamore, Ill., May 27.—The democratic county convention was held here Tuesday. Delegates to the state and congressional conventions were instructed to vote for John P. Altgeld for governor.

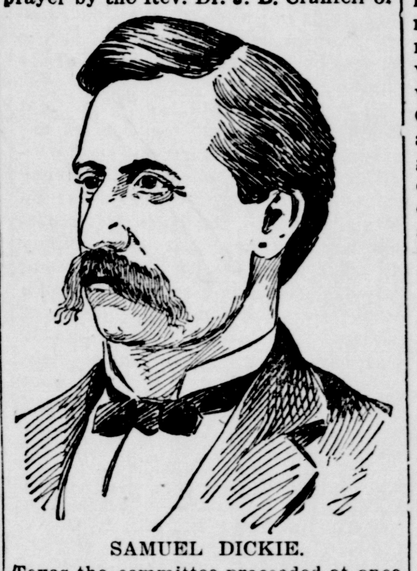
Danville, Ill., May 27.—At the democratic county convention Tuesday, a motion to table a free silver resolution was lost by a vote of 92 to 101. The original silver resolution was carried by a vote of 112 to 86. Altgeld was unanimously indorsed for governor.

THE FIRST VICTORY OF NARROW-GAUGERS

THAT EACTION WON AT PITTSBURG YESTERDAY.

Edward I. Wheeler Elected Temporary Chairman—Talk of Trading in the Convention—Mrs. Gougar Wants Prohibition Suffrage and Silver—Proceedings of the Session.

Pittsburg, Pa., May 27.—By an overwhelming majority late Tuesday night the narrow-guagers won the first battle in the spirited contest among the prohibitionists now gathered in this city. The national committee met at the Seventh Avenue hotel at 9 o'clock. Chairman Samuel Dickie of Michigan presided. There were twenty-seven regular members present from twenty states. Nineteen proxies were admitted. After prayer by the Rev. Dr. J. B. Cranfell of



SAMUEL DICKIE.

Texas the committee proceeded at once to the selection of temporary officers of the convention. Scores of delegates crowded the corridor, anxious to learn the result. George C. Christian of Arkansas presented the name of A. A. Stevens of Tyrone, Pa., for temporary chairman. Ex-Gov. John P. St. John of Kansas, for the broad-guagers, nominated Edward J. Wheeler of New York. The vote was taken by roll call, Stevens receiving 32 and Wheeler 16.

This result is a keen disappointment to the silver men. After a short consultation Gov. St. John announced that they would present a minority report with Mr. Wheeler's name. Chairman Dickie said that he would deprecate any such action, as there was no propriety in presenting a minority report. The broad-guagers insisted on it, and Oliver W. Steward of Illinois, moved that the national chairman be instructed to receive such report. This was voted down by a vote of 31 to 12. Alonzo E. Wilson of Chicago was chosen unanimously for temporary secretary of the convention.

HELEN M. GOUGAR.

John Willis Baer of Boston, of the United Society of Christian Endeavor, is being talked of for permanent secretary. The treasurer submitted his report, which was approved, and cheers given for the youngest boy of the prohibition movement. This pleased Mr. Hastings, as he is now over 80 years of age.

The day's development were decidedly favorable to the narrow-guage element. Narrow-gague delegates have been arriving by the hundreds, until they seem to have a large majority of those on the ground. New England, 200 hundred strong, came with banners flying at supper time and marched through the streets headed by a brass band.

In reference to the platform of the convention Mr. Dickie said: "I do not think the platform will commit the party to any specific financial policy. I expect it to be definite in that it will generally advocate 'sound' money, but I do not favor going into special details. For instance, if we declare that all money shall be issued by the national government, that it must be full legal tender and that no private corporation or private party shall profit thereby, that, to my mind, is specific enough for the prohibition party. That, too, according to my information, will probably be the tone of the platform adopted by the convention."

Trades and rumors of trades—silver for suffrage, suffrage for silver—are in the air, and the women are aroused and anxious. The money men on both sides are ready to sacrifice anything except the prohibition plank itself to gain this special end. Southerners offer silver votes for anti-suffrage votes and hard-money men offer suffrage votes for gold votes. This is what the women say, and this is the situation: They are organiaing to fight. The word has gone out that the women are to stand like a rock for suffrage and trade it for nothing. Mrs. Gougar claims to be solid for prohibition, suffrage and silver, and means to fight for all three.

There was a notable scene in Gov. St. John's room, where the action of the Michigan delegation was announced to him, and there was handed to him the local paper containing Dickie's withdrawal from the chairmanship race. Said Gov. St. John: "This fight is not against Dickie personally. He is one of the finest of our men, but we must have a broad-gauge chairman."

The report that Levering is not a suffragist is enthusiastically controverted by his followers, since Mr. Levering is a stanch supporter of the woman's cause. Indeed, the alarm about the passage of a suffrage plank is not warranted. The opposition to suffrage received its death blow at the Indianapolis convention in 1888. The suffrage plank will go in. Even the women, however, feel that the effort to nominate a woman for vice-president is a mistake. Miss Willard's name was withdrawn upon the urgent plea of a woman, Miss Thompson, of Oakland, Cal., who is one of the best workers among the women delegates. Mrs. Gougar was named by a man, and when she declined Miss Willard's name was offered by a Woman's Christian Temperance Union adherent, whose love for her leader outran her political wisdom. The women here are with few exceptions silverites. The Griffin resolution restoring silver to its standing before the Sherman legislation of '73 is their platform and seems to be the favorite all around.

James H. Southgate of North Carolina and William H. Berry of Pennsylvania were presented for second place. The vote was 58 to 50 in favor of Southgate. L. B. Logan of Ohio was selected as candidate for national chairman, after a long contest in which J. M. Dunlap of Indinan figured as an aspirant. It was finally made unanimous. Oliver W. Stewart of Illinois was approved for permanent chairman. It was decided to accept no compromise on platform or in the matter of candidates.

The narrow-gaugers had an informal gathering at the Seventh Avenue hotel. Mr. Dickie made a speech in which he declared that every plank adopted ought to be approved by three-fourths of the delegates in the convention. The chairman was authorized to appoint a steering committee of seven to direct the destinies of the narrow-gauge idea. The broad-gaugers are elated because Michigan turned down Mr. Dickie. He failed of re-election as a member of the national committee. Mr. Dickie says he is out of the race for national chairman, not because of the state's action, as he fully anticipated it, but he is anxious for a rest. His wide circle of friends are determined to continue the fight, and Mr. Stevens of this state and Mr. Tate of Tennessee are sanguine of his re-election by the new national committee.

The Intercollegiate Prohibition association held its national convention in Exposition hall in the afternoon. S. T. Michell of Wilberforce university presided. W. A. Avery made an address of welcome. The following officers were elected: President, Merrill C. Ward, Tuft's college, Massachusetts; vice-president, G. H. Gaston, university of Illinois; treasurer, Fred S. Nave, Northwestern university, Evanston, Ill. Narrow-gauge resolutions were passed. Plans were adopted for the work of the coming campaign.

SOCIETIES GAIN ALL.

Great Contest at Saratoga Results in Their Favor.

Saratoga, N. Y., May 27.—Christian Endeavorers won a victory Tuesday in the presbyterian general assembly. The sum total of the assembly's action was the adoption of a "statement of relations between individual societies and churches," which was directed to be read in the various societies, and a provision for the collection of Christian Endeavor statistics.

The moderator and clerks, acting as a committee on the next place of meeting, met with representatives of Petoskey, Mich., San Francisco and other places which desire to entertain the assembly in 1897. A strong effort was made on behalf of Saratoga. The result of the conference is not yet known.

A popular meeting was held in the evening on behalf of home missions. The resolutions provide for closer presbyterial inspection of requisitions on the mission board; for a movement toward self-support within each presbytery and synod, and for a committee of nine to advise with the board as to retrenchment, the causes of the present debt and improved methods of retrenchment.

The report on home missions showed the present debt to be almost $300,000; receipts, $729,433, and expenditures, $858,985. For the reunion fund, receipts reached $191,230. The cost of administration aggregated $81,922. Under the board is a total of 1,544 ministers, 1,830 churches and a membership of 100,000. During the year 9,179 new members have been added.

Women's Clubs at Louisville.

Louisville, Ky., May 27.—The biennial session of the Federation of Women's Clubs began today. Several hundred women of more or less prominence are present. At 9:30 o'clock the session opened at Macaulay's theater. After an address of welcome and response the report of committees and officers was recorded. At 11 a. m. the women divided for the department meetings.

FIRE AT BRILLION COSTS $150,000

WISCONSIN CITY SUFFERS A CRUSHING LOSS.

Lumber Yards, Factories, Hotels, Dwellings, the Depot and the Opera House are Destroyed By the Devouring Element—Help Sent From Kaukauna in Time.

Brillion, Wis., May 27—**Yesterday's big fire caused a loss of fully $150,000 although actual figures cannot yet be had. An engine from Kaukauna was sent for and but for that the entire town would have been swept away. As it was, the flames** destroyed the Brillion Manufacturing Company's factory, the Northwestern hotel, Barnes' Lumber Company's entire lumber yard. Weigand's brick block, C. Teseh's general store and residence, the Union opera house, several dwellings, the Chicago and Northwestern station and several barns. The flames then jumped across the Northwestern track to Werner's elevator and warehouse, destroying Hansen's general store and stock, Weaver's millinery store and stock, the furniture company's plant and lumber yard, C. Teseh's warehouse and several other buildings.

SILVER HAS THE REINS.

Takes Control of Democratic Party in Indiana.

Indianapolis, Ind., May 27.—Representatives of the free-silver wing of the democratic party at a conference here Tuesday practically decided to take the management of the campaign in this state in their own hands. Sterling R. Holt, chairman of the state committee, will be asked to resign. The call issued was for two representative silver democrats from each of the thirteen congressional districts, but more than 100 democrats came in. B. F. Shively of South Bend, who is slated for the nomination for governor by this wing of the party, was present and declared that if the party adopted a free-silver platform it would carry the state next fall. There were reports from all the congressional districts, and every district except the 7th declared through its spokesman that the district would be at the state convention "solid" for free silver.

A story is printed here to the effect that John K. Gowdy, chairman of the republican state committee, will, at a meeting of the committee to be held today, be forced to resign. Gowdy is a McKinley man, and it is stated that his election as chairman led Gen. Harrison to write his letter declining to allow the use of his name at St. Louis.

FOR A HIGHER TAX ON BEER.

Proposed Amendment Favored by a Majority in the Senate.

Washington, May 27.—Tariff and finance each came in for a share of consideration in the senate Tuesday. Early in the day Mr. Sherman succeeded in having the filled-cheese bill taken up, whereupon Mr. Dubois (rep., Idaho) offered an amendment adding 75 cents per barrel to the tax on beer. Mr. Sherman opposed the amendment as a skillful means to defeat the cheese bill, which was in no sense a general revenue bill. He moved to table the amendment, which was defeated. At 2 o'clock the cheese bill with beer amendment pending was laid aside, Mr. Sherman announcing that he would call it up as soon as the bond bill was disposed of.

The house by a vote of 165 to 69 passed the bill for the repeal of section 61 of the present tariff law, providing for a rebate on alchohol used in arts or medicinal compounds.

CONSECRATE THREE BISHOPS.

Solemn Ceremony in the Methodist General Conference at Cleveland.

Cleveland, O., May 27.—The Methodist general conference devoted Tuesday morning's session to the consecration of the three bishops-elect—McCabe, Cranston and Hartzell. Bishop Ninde presided, Bishops Bowman, Foster and Taylor, who had been declared non-effective, participating.

The report of the committee on book concern was the real parliamentary struggle of the day. The committee introduced a resolution providing for the election of a book editor for the New York branch of the book concern, the editor to be nominated by the book agents and elected by the book committee. On the suggestion of the Rev. Dr. Frank M. Bristol, of Chicago, that portion of the resolution which referred toi the nomination of the book editor by the book agent was stricken out and the resolution was adopted. The fourth Sunday in November was designated an annual temperance Sunday, at which services are to be held and collections made for the cause of temperance. The evening session was devoted to the constitution, several proposed changes being discussed.

Indiana Sheriff Fears Trouble.

Sullivan, Ind., May 27.—The sheriff of Sullivan county is preparing for trouble with the striking miners, and will visit the principal mines. Many acts of violence have been reported. It is said the strike is taking the same course as the one of 1893, when the militia was called out.

COUNTY NEWS TOLD IN A LINE OR TWO

CHARLES BEDELL UNDER ARREST AT BELOIT.

Threatened the Police With a Dirk Knife—W. C. T. U. Convention to be Held Soon—Iron Works Get a Big Contract—Two Weddings—County Happenings.

Beloit, May 26—Charles Bedell was arrested by Officer Scheibel for drunk and disorderly conduct and while in the lockup Bedell drew a dirk knife and threatened to use it on the police. Bedell was arrested on the charge of carrying dangerous weapons. S. W. Menzie, attorney for defendant, demanded a change of venue from Justice Booth to Justice Dow, who fixed the bail at $100, which defendant furnished in cash. The trial comes on Friday.

Beloit, May 27—The state convention of the Women's Christian Temperance Union will meet in Beloit the 2d, 3d and 4th of June. All the sessions will be held in the Baptist church. Between 150 and 175 delegates are expected to the convention. Beside the delegates there will be numerous visitors from various towns throughout the state.

Beloit, May 27—The Beloit Iron Works have received the largest order in their history, having closed a contract to build two magnificent Fourdrinier paper machines for a new mill at Port Edwards, Wisconsin. Each machine will have sixty-five feet of wire, five section boxes, twenty-six driers forty-eight inches in diameter, four thirty-six inches and one twenty-four inches. Each will have a stack of calenders of fourteen rolls. The Iron Works are very much gratified at receiving the contract, as there was fierce competition after the work, and as the customers announced that they should buy the best of paper machines that could be made in the country.

Beloit, Wis., May 27.—Miss Mattie Ross, daughter of S. D. Ross, was yesterday married to Rev. J. Thomkins, of Chicago, a former college student, the Rev. W. W. Sleeper, officiating.

MUTUAL EXCHANGE AT EVANSVILLE

Local Shareholders Likely to Put In a Telephone System.

At a meeting of the business men and citizens at Evansville, the building of a local teleph ne system was discussed. A discussion of the estimated cost and outline took most of the time and the meeting resulted in the appointment of a committee to canvass the city to see how many persons would take shares. There seems to be a demand for telephones strong enough to warrant those who are at the head of the movement in thinking they will succeed in organizing a company.

TO GO TO A MASONIG PICNIC

Event Will Occur at Twin Lakes Late in June.

No little interest is being shown by local members of the Eastern Star and Masonic lodges in the grand picnic which will be given on St. John's day the latter part of June. The affair will take place at Twin Lakes and will be for members of these lodges and their families only. The local lodges will have special coaches and expect to be joined in this city by numerous members from near-by towns.

MAY HAVE TO BURN MORE MONEY

Cigars May Go Up In Consequence Of the Cuban War

A number of the local cigar manufacturers are beginning to carry "that worried look," on account of the Cuban war. The recent order of General Weyler forbidding the exportation of leaf tobacco from the island is sure to make Havana tobacco scarce in this section of the country, and if such a state of affairs exists for any great length of time the price of good cigars will take an upward turn.

2,000 ROCKFORDITES ARE COMING

Forest City Will Be Well Presented Here On June 10.

The local camp of Woodmen has received notice from the big Rockford camp, stating that the number of Woodmen that the Forest City camp would send to this city on June 10, will be eight hundred. This means that a delegation of at least 2,000 will be here from Rockford, and from the present outlook there is little doubt, but what the Rockford delegation will capture the $20 to be given for the largest and best appearing camp.

COAL COSTS MORE THE DEALERS SAY

THE EASTERN COMBINE'S GRIP IS TIGHTENING.

Price is High For This Season of the Year, and Wholesalers Do Not Care to Sell, Thus Indicating a Prospective Increase in Price—Now Costs $7.

Coal is commanding a higher price than it has in a number of years, at this season, and by the time the winter frosts come the figures will probably range from $7.50 to $8.50 a ton.

Most of the local dealers have a small supply on hand now and the price is $7 a ton while a year ago this month it was selling at $5.50.

Local dealers say the price of the black diamonds is on the increase and that it is the work of the big eastern combine, which now controls the largest part of the coal output of the country.

P. E. Neuses of the Janesville Coal Company, says that wholesalers are making but little effort to sell the retail dealers, and this means that they are looking for higher prices later on in the season, The present indications are that there is no over supply of coal in the eastern markets, and that as soon as the mines start work at full force, there will be plenty of demand for the output. Consequently the prospects for paying higher prices for coal are excellent, and the advance will not put one cent in the dealers' pocket either. Great is the coal combine.

NASH WAS FOUND NOT GUILTY

Jury Decided That He Did Not Sell Liquor Illegally

A jury of twelve men last night decided that Willis Nash did not sell liquor in violation of the law at Milton Junction, the case having been tried in the municipal court.

The principal witnesses for the state were amateur detectives, who were to get twenty-five dollars for each conviction they secured. They were sworn and testified, after which the state rested. The defense then swore two witnesses, and produced eleven men to impeach the "detectives." The state swore five men to reinstate their testimony, the arguments were made, and the case went to the jury at 5:30 o'clock. Fifteen minutes later the twelve men returned with a verdict of not guilty, and the defendant was discharged.

Attorney Pierce had objected to the method of drawing the jury, and excepted to the court's action in overruling the objection. Before the trial was begun yesterday, he challenged the jury on the grounds that it had been illegally drawn, and was therefore not competent to try the case, which challenge was denied by the court, and the trial proceeded. The jury was composed of J. M. Roach, C. S. Decker, E. Stone, S. E Otis, A. W. Perry, C. J. Baines, W. H. Campbell, Frank Snyder. John Pitcher, Charles Griffin, J. B. Foster and Richard Gordon.

District Attorney Jackson prosecuted, and J. E. Pierce defended.

"I do not think there is a jury on earth that would convict under these circumstances," said a man who watched the case. "Public sentiment, in my judgment, will not uphold the practice of hiring detectives in this manner. When it is shown that the men are to get their money when they secure a conviction, that is about as much as the average citizen cares to know."

NEW SCHEME ON CAR TICKETS

Superintendent Cummins Figuring With Local Merchants for Free Rides.

Superintendent Mark Cummins, of the street railway company, is figuring with a number of the local merchants, for the wholesale purchase of street railway tickets. Superintendent Cummins' idea is a new one, and provides that each merchant give their customers free street car tickets to and from the store, with every purchase. This would increase trade with all the local merchants, it is argued, and at the same time it would cost them but little as a reduction in the price of tickets would be made in wholesale lots. If the plan is adopted, the number of passengers would be increased at least one-third, and as the cost of running a crowded car is but a trifle more that running an empty one, it would help the car company materially.

ENJOYED A DANCE AT CLEAR LAKE.

Janesville Party Had a Jolly Time Last Evening at That Place.

Thirty-six young people from this city drove to Clear Lake last evening and enjoyed one of the most delightful parties of the season. For some time past Landlord Atkins, of the Tillman Park Hotel, has been making arrangements to entertain parties from this city, and last night's delegation left the city at 7:30 in two well filled carryalls and the lake was reached at 9:45. Dancing was indulged in until a late hour, after which supper was served in the spacious dining hall. Landlord Atkins will try and arrange for a series of these parties throughout the summer. For the pleasure of the event of last evening no little credit is due Miss Hattie Ryan, Miss Anna Shields and Miss Maggie Ryan.

State Board of Health Plans to Investigate Typhoid Fever Cases

At the next meeting of the state board of health, of which Dr. Q O. Sutherland of this city, is a member, one of the most important subjects to be taken up will be the thorough discussion of typhoid fever, and the cause of the disease. Numerous complaints have been received by the board, stating that a large majority of typhoid cases are caused by the use of impure water. The board may look into the water supply of cities that report an unusual number of cases of that disease.

IS YOUR DIGESTION POOR?

A Sample and Full Information Concerning the New Discovery for Dyspepsia Sent Free to Any Address.

A great deal of interest has been excited recently in the medical profession by the discovery of a new preparation, which has made many remarkable cures in cases of dyspepsia and indigestion.

This remedy is not a secret patent medicine, but is a scientific combination of pure pepsin and bismuth and fruit salts, pleasant to the taste, in tablet form, and sold by druggists under name of Stuart's Dyspepsia Tablets. Dr. Erskine who tested the tablets in many cases with marked success, states that they act entirely on the food taken into the stomach digesting it perfectly, no matter how weak the stomach may be; they have no action on the bowels and do not physic, being purely and simply a cure for dyspepsia and nothing else.

All physicians recommend them as being the safest, most sensible, most effective stomach remedy on the market.

No dieting or change of habits are required; eat all the wholesome food you care for and take a tablet at each meal, the food will be thoroughly digested, the body nourished, the stomach rested; that's the whole secret of curing indigestion and the whole secret of the success of Stuart's Dyspepsia Tablets; the reason why they have taken the place of after-dinner pills, "stomach bitters," "laxatives" and "tonics."

Stuart's Dyspepsia Tablets are sold by druggists at 50 cts. per package, or he will order them for you if you ask him, as all druggists sell them.

A small sample package of the tablets will be sent free to any address if you will write to the Stuart Co., Marshall, Mich. Also circulars and testimonials.

BENEATH DEATH'S DARK CLOUD

Funeral of Mrs. Beswick.

The funeral of Mrs. Mary Beswick was held in the First M. E. church this afternoon, many friends being present from other cities. Rev. R. K. Manaton officiated.

Mrs. Beswick came to Janesville with her husband, Mrs. George Tarrant in 1850. From early childhood her Creator held a prominent place in her life. She was confirmed in the Episcopal church in England at the age of fourteen years, and for some time after she came to this city she made her spiritual home with that denomination. In 1864 after a delightful christian experience she united with the First M. E. church of this city of which she was a devoted member until her death; when the Great Shepard transferred her from the church militant to the church triumphant. Those who were associated with her in her church life bear testimony to her wise, godly counsels, her inspiring faith, her quiet, strong hope, the brightness of her life, the sweetness and tenderness of her spirit, and the grace of her conversation. Her religious life shone the brightest in her home life where she reigned with queenly grace. It was then that the perfect light and life of the Divine Christ manifested itself in the "fruits of the spirit." Her Master could always say of her, "Ye are the light of the world," "ye are the salt of the earth." The great sorrows through which she was called to pass were the chemicals in the hand of her Savior to transform and beautify her life for the "rest that remaineth to the people of God;" and in the last days of her intense suffering the same triumphant faith that made her strong while in health, filled her last hours with victory. She left the world richer than when she entered it. She bequeaths to the world four noble sons and two daughters. These, with five stepchildren and a large number of grandchildren mourn her loss. How inspiring it is that not even death can check the power of a holy life. "Though dead, she yet speaketh." "Blessed are the dead that die in the Lord." Thus passed this beautiful life to its rest.

Funeral of Alvina Brinkman.

The funeral of Alvina Brinkman was held from the First Baptist church of Afton, yesterday afternoon at 2 o'clock. Rev. C. J. THIS DAY IN HISTORY.

1703—Samuel Pepys, whose diary of common life in England is noted, died. Pepys was educated at Cambridge. At the age of 28 he was appointed to a clerkship in the navy department and held the position 13 years. Subsequently he was secretary to the admiralty. Late in life he became president of the Royal society. Besides his vast knowledge of naval affairs, Pepys was a connoisseur in fine arts. The reputation of this gentleman, gossip and scholar rests upon his memoirs, a diary running from 1659 to 1669. It was published in 1825.

1840—Admiral William Sidney Smith, a noted British officer in the wars with Napoleon, called the hero of St. Jeanne d'Arc, died; born 1764.

1862—Henry Thomas Buckle, eminent British historian, died at Damascus; born 1822.

1892—The greatest flood ever known on the Mississippi reached its highest point.

HARRIS STILL TALKING.

Senator Harris declares that "the free coinage people will enter the Chicago convention with a pronounced majority," that they will "dictate terms from the start," that these terms will be "free coinage of silver at the ratio of 16 to 1," and that the candidate must stand squarely on the platform." It is safe to say that the Tennesseean does not believe anything of the sort. The silverites have a majority in the democracy in many states, and in some of them their majority is overwhelming, but in a few of the western, in one or two of the southern and in all of the eastern states they are in the minority. The wealth and ability of the party are in the sound money end of it; that end of it dictates the party's policy in congress and in national conventions, and it will see the necessity of curbing the silverites in 1896. Harris' programme in the Chicago convention would be an immense benefit to the republican party, and this is the principal reason why the convention will repudiate it.

BOND-BUYERS HIS FRIENDS.

There is nothing cheering for democrats in Senator Blackburn's declarations.

There will be two conventions, two nominations and two platforms at Chicago," says the senator, and Grover Cleveland will be at the head of one of the tickets.

"Do I think he will be elected? Such a thing is impossible. He could not carry one of the southern states. He will be supported only by the money class. The men who have bought the bonds he has issued will vote for him, and he is entitled to their votes, but the people who pay the interest on these bonds will vote for some one else. The president's bump of self-esteem is very much more developed than his bump of caution, and he is going into the campaign dependent upon a very narrow following."

More than a few democrats are willing to give Cleveland the chance Blackburn foresees, the chance to be slaughtered. They may not bring the Chicago convention to their view, but they will help to make that gathering a very interesting body.

RECIPROCITY NEEDED.

The statistics show that we purchased goods to the amount of $246,826,802 from the Latin-American countries in 1895, and sold them to the value of only $143,000,000. This is not as it should be, if the democrats had permitted the reciprocity policy to remain in force. The republican party will restore that policy as soon as it regains control of the government, and the rseult will be a large increase of the sales of our products in markets where it is now difficult to dispose of them on account of the tariff discriminations against them.

Mr. Reed unqualifiedly denies the report of his proposed retirement from public life at the close of his present term, which means that the time has not come to begin talking of some other man for speaker of the next House.

The democratic pariy will probably continue to live even after the terrible thrashing which it is sure to receive next November—that is, if a thing can be said to live which merely lasts.

Free Exhibition Tomorrow Night.

WENT THROUGH IN SCHOONERS

J. B. Hazard and Family On Their Way to Michigan.

An odd looking procession filed through this city yesterday. The cavalcade consisted of three prairie schooners, and the outfit was the property of J. B. Hazard, who was moving his family and effects from Nebraska to Michigan. Mr. Hazard said that he had come from a point one hundred and ninety-five miles west of Omaha, where he had lived for nine years, and had been literally starved out, not having had even a fair crop in all those years. Four years ago there was a crop nearly ready for harvest when it was ruined by hail. Like many others, Mr. Hazard has long been wanting to get back to his old home in Michigan, and like very many others has been too poor to get away. Finally five weeks ago he got things ready and started overland for Michigan. He said traveling by wagon was hard work and expensive, as people, while many were kind, were most all suspicious of strangers traveling as he was. Mr. Hazard and his family were intelligent and courteous, and have evidently seen hard times in the west.

PROF. HUYKE HURT DOWN SOUTH

The Janesville Musician Home Nursing an Injured Leg.

Professor Henry Huyke, the musician, who has been traveling in the south, arrived home this morning, somewhat the worse from the effects of a railroad wreck. While on his way north, and during a stop of the train at Gillman, Ill., Professor Huyke was standing upon the platform and was thrown violently to the ground by a sudden jerk of the train, cutting a bad gash in his left leg.

COUNTY APPROPRIATES $5 500 TOWARD THE COST.

Johnstown Insurance Cases Left to Special Committee to Compromise or Prosecute as May be Thought Best—Smoke Consumers at the County Farm.

Resolutions on the death of Ex-Governor Fairchild were adopted by the county board today.

Two bills, amounting to $54.22, were presented by Mrs. Mary C. Henderson, of the Palmer hospital, one being for the care of George Curtis, and one for George Kerl.

Supervisor E. E. Langworthy presented a petition for an appropriation of $5,500, covering part of the cost of a bridge at Indian Ford. The resolution was adopted.

District Attorney Jackson told the board of the standing of the Johnstown insurance cases. The board decided to put the cases in the hands of a special committee to compromise or prosecute as they saw fit. J. L. Bear, W. A. Mayhew and C. E. Langworthy were named as members of the committee.

Supervisor Mayhew moved that the treasurer be directed to insure no more buildings without notice from the board. The motion was lost by a vote of 27 to 8.

Alderman Robinson of the Waukesha Keeley Institute addressed the board on the subject of the Keeley bills against Rock County. The question was referred to a special committee.

Supervisor Bailey reported in favor of converting the furnaces in the county building to smoke consumers. The cost would be small and the saving in fuel would be 50 per cent. Supervisor Coon's resolution embodying the idea was adopted—21 ayes, 1 no.

George W. Appleby, superintendent of poor, was directed to cease the employment of a physician to care for the poor in Clinton, the matter being brought up by Supervisor Mayhew.

Chairman More announced the following committees:

Tax Certificates and Illegal Taxes—W. T. Vankirk, W. A. Mayhew, F. A. Baker.

RACE MEET PLANS ARE NOW COMPLETE

CLASS EVENTS HAVE BEEN ARRANGED.

Twelve Thousand Dollars Will Be Hung Up in Place of the Stakes That Did Not Fill—Original Dates are Retained—Program of the Events.

Plans for Janesville's July race meeting are now complete. The guaranteed stakes, which closed on April 1, did not fill, and made a change necessary. It has now been decided to put up $12,000 for straight purse events, to occur on the original dates, July 21, 22, 23, 24 and 25. The circuit includes Chicago, Washington Park, or Peoria, Joliet or Elkhart, Lake Geneva, Janesville, Freeport or Madison, and Waukesha, thus making short shipments, and lessening the expense of travel. The trotting classes are as follows:

No. 1--Two-year-olds, 3:00 class	$400
No. 2--Three-year-olds, 2:30 class	500
No. 3--2:50 class	600
No. 4--2:25 class	600
No. 5--2:29 class	600
No. 6--2:25 class	600
No. 7--2:21 class	600
No. 8--2:16 class	600
No. 9--2:12 class	600
No. 10--Free for-all	600

The pacing programme has been made out in this order;

No. 11--Three-year-olds and under, 2:30 class	$500
No. 12--2.50 class	600
No. 13--2:35 class	600
No. 14--2:26 class	600
No. 15--2:22 class	600
No. 16--2:18 class	600
No. 17--2:13 class	600
No. 18--2:08 class	600
No. 19--Free-for-all	600

The entries close on July 6, and the time made on that day is no bar. The conditions state that the rules of the American Trotting Association will govern; all races except numbers 1, 2 and 10 are three in five, numbers 1, 2 and 10 are two in three, distance 100 yard; entrance ten per cent, but only five if the horse is declared out by 7 o'clock the evening before the race; money divided 50, 25, 15 and 10 per cent; any race not filling satisfactorily can be declared off; the usual weather clause in force; McKinney six heat rule to be observed. All stalls are free to entered horses, and any class not filling, nominators have the right to enter in class next faster. As the Janesville association is the oldest in the northwest to have given continuous meetings and pay one hundred cents on all claims, the meeting will doubtless be popular with the horsemen. Stake races have never been satisfactory to horsemen, association, or the public, so this year's meet, consisting wholly of class events, will probably be the most successful yet given.

Neck Wear for 25 Cents.

We have just received one hundred dozen of the latest and most beautiful creations in ladies' ties, not one of them was intended by the manufacturers to be sold for less than 35, 40 and 50 cents. Our price, 25 cents. The lot includes tecks, four in hands, band bows, stock bows, etc. Don't miss seeing them. Bort, Bailey & Co.

Boys Delighted.

And well they might be over the pretty new tan shoes of goat leather we have just received. We enable the boys to become as well dressed at the lower extremities for $2.00 as the older folks are at $4.00, $5.00 and $6.00. Its the best boys shoe we ever carried. A. Richardson Shoe Co.

Going Fast.

MAKES BOYS WELL BEHAVED.

A Young Man Thinks Girls Should Always Be Taken Along.

Sometimes a young lad will strike a truth in his random talk, says Harper's Bazar. Talking to a middle aged woman one day, a young fellow said, confidentially: "You see, Mrs. R——, my sisters think so much of the conventionalities. They are always telling me that only common girls do so and so and that girls who have been taught properly don't do this thing or the other thing. Now, I think sometimes they are mistaken. Lots of nice girls do things they didn't use to do. They ride bicycles and they go in parties or clubs with their mothers and friends. They can be jolly and good comrades with a boy, but they are nice, and just as well behaved as my sisters."

"Yes, I think that, too," replied the lady. "And you don't think it makes the girls worse? What about the boys?"

"It makes the girls more friendly and pleasant than those who stay at home and never see anything," he exclaimed, emphatically, "and it does something else: It makes us fellows more careful in what we do and say when girls go everywhere as well as we do. Isn't a 'bicycle tour' or a 'camping out' or a tramp in the country as good sport and doesn't it make the fellows better behaved when girls are along? Yes, sir; I don't want to go to places where the girls can't go, but I do think that the girls ought to give way, too, in the matter and try to go around to all the places and take part. The boys want the girls and I do believe it would do the girls good, too, and wouldn't hurt them a bit."

And this expression of the opinion of a well-brought-up young American boy is something for the mothers of girls to think over.

TIPTON'S FAVORITE SERVANT.

An Indian Mystery Connected With a Former United States Senator.

A few weeks ago Logansport was thrown into a fever of excitement over the finding of a human skeleton, says the Indianapolis News. The bones were in a fair state of preservation, and was unearthed by laborers while digging a trench. They were found at a depth of about four feet, and from their size were believed to be the bones of a man. An investigation was begun, which resulted in unraveling the mystery. Mrs. Elizabeth Lowry, an aged resident of Walton, relates a story which establishes beyond a doubt the belief that the remains were those of William Bartlett, an old and trusted servant of Gen. John Tipton. About fifty years ago Mrs. Lowry was a member of Gen. Tipton's family, at which time "old Bartlett" was the most valued servant of the family. Gen. Tipton was a member of the United States senate, and prior to his last trip to Washington, Bartlett was taken seriously ill. The general left instructions that he be buried in the yard, in case of death, and upon his return the body would be interred in a suitable location. Bartlett died and was buried near the Tipton homestead. When the general returned he was seized with sickness and died without removing Bartlett's body. When the latter was buried a large stone was encountered in digging the grave, and the fact that the skeleton was found near the place where the Tipton residence once stood, and at a depth of only three feet, is taken as conclusive evidence that the remains are those of Gen. Tipton's favorite servant.

He Knew What He Wanted.

I had an interesting experience the other day in one of the cut-rate drug stores. There was a rush of budding pharmacists to wait upon me.

"I want a bottle of Dr. ——'s cure. How much is it?"

"Eighty-three cents," was the reply, "but we have one of our own make which is just as good——"

"But I don't want that."

"If you don't get cured after taking ours bring back the bottle——"

"I insist I don't want it."

"And get your money, although you may have taken all the medicine. We guarantee ours, and can't the other."

The fellow kept on talking, and I don't know but what he is still at it, for I didn't wait to see him stop, neither did I buy what I wanted, after all I went to a neighboring store and purchased what I thought I desired, and not something "just as good" or "better" than what I purchased. There is some satisfaction in knowing what you want and getting it without the interference of a drug clerk.—Boston Post.

Big Price for a Stamp.

At a recent sale of stamps in New York about $2,500 was realized. The highest price obtained was $155 for a 5-cent Marion, black, Confederate states. It was a very fine used copy, and extremely rare. An 1864 CC, perforated 4d., carmine, Western Australia, unused, a beautiful specimen and a rare stamp brought $50.50. This stamp was sold at a private sale not long ago for $35. Other stamps and their prices were 5-cent U. S., yellow, 1861, $33; 90-cent black and carmine of 1869, a perfect copy, $26; 90-cent purple department stamp, free from perforations, $40; British Guiana 1850, 1 cent, magenta, $29.75; 1862, provisional, British Guiana, $27.50.

Satisfied.

A lawyer had been questioning the witness for some time, and at last got him down to personalities.

"Did I understand you to say, sir, that the defendant made certain remarks about me?"

"I said so, sir."

"Ah! Well, now, sir, from what you know of me, do you believe those remarks to be true?"

"No, sir, I do not."

"Very well. Now, will you be good enough to state to the court what he did say?"

"Yes, sir. He said he thought you were a truthful and honest man, and—"

"You may step down, sir. That's enough."—Green Bag.

ON THE BANKS OF THE NILE

Stands the Oldest Obelisk, Constructed Thousands of Years Ago.

From the Pall Mall Gazette: The oldest of all the obelisks is the beautiful one of rosy granite which stands alone among the green fields on the banks of the Nile not far from Cairo. It is the gravestone of a great city which has vanished and only left this relic behind. That city was Bethshemes of the scripture, the famous On, which is memorable to all Bible readers as the residence of the priest of On, Potipherah, whose daughter Asenath Joseph married. The Greeks call it Heliopolis, the city of the sun, because there the worship of the sun had its chief center and its most sacred shrine. It was the seat of the most ancient university of the world, to which youthful students came from all parts of the world to learn the occult wisdom which the priests of On alone could teach. Thales, Solon, Eudoxus, Pythagoras and Plato all studied there; perhaps Moses, too. It was also the birthplace of the sacred literature of Egypt, where were written on papyrus leaves the original chapter of the oldest book in the world, generally known as "The Book of the Dead," giving a most striking account of the conflicts and triumphs of the life after death, a whole copy or fragment of which every Egyptian, rich or poor, wished to have buried with him in his coffin, and portions of which are found inscribed on every mummy case and on the walls of every tomb. In front of one of the principal temples of the sun, in this magnificent city, stood, along with a companion, long since destroyed, the solitary obelisk which we now behold on the spot. It alone has survived the wreck of all the glory of the place. It was constructed by Usertesen I., who is supposed to have resigned 2800 B. C., and has outlived all the dynastic changes of the land, and still stands where it originally stood nearly forty-seven centuries ago. What appears of its shaft above ground is sixty-eight feet in height, but its base is buried in the mud of the Nile, and year after year the inundation of the river deposits its film of soil around its foot and buries it still deeper in its sacred grave.

Mrs. R. DeYoung, Middleburg, Ia., writes. I have used One Minute Cough Cure for six years, both for myself and children and I consider it the quickest acting and most satisfactory cough cure I have ever used. C. D. Stevens.

BICYCLE COSTUMES.

Tailor Made Suits For the Wheel—Short Skirts and Jackets.

The bodices employed for bicycle wear are diverse. The blouse, the bolero, open or closed, and the short jacket, with a rippled basque, are all seen, but the bolero is falling a little out of favor. The shirt waist naturally prevails during warm weather and is very neat and satisfactory. It is a great mistake to wear frills and furbelows for riding or large and gayly trimmed hats. These, no matter how pretty and becoming they may be in themselves, look in bad taste and are as much out of place on a bicyclist as they would be on an equestrienne.

The short skirt necessitates the wearing of trousers underneath. These may be of

CYCLING CORSET.

silk, satin or mohair, but preferably they are of the same cloth as the skirt. No petticoat is required, nor should the bicycle skirt be stiffened at all. It must be borne in mind that the plainer and closer a bicycle costume is the nattier will the wearer appear, and tailor made effects are the ones to be desired. All flaring, flopping apparel, all fluttering ribbons and ruffles, should be avoided by a woman who wishes to look "smart." A neatly kept wheel, devoid of streamers, but clean and polished, is the first necessity of a business-like bicyclist, and the second is a trim, well fitting, quiet colored costume. The skirt must be rather scant, as skirts in general run, and the short skirt is preferable to the long one, not only as regards comfort, but on account of the danger of the long skirt becoming entangled in the wheel. Many accidents have occurred from this cause, and as the wind caused by the rapid movement always raises the long skirt more or less modesty is not particularly well served by it. A pair of neat leggings candidly worn are less provocative of comment than hosiery revealed by accident.

The cut shows a corset invented for wear in bicycling and other athletic sports. It is of coutil, bound with kid, and has no steels in front. It is very short and is cut entirely away over the hips, allowing great freedom of movement.

MILLINERY NOTES.

Astonishing Hats—Fashionable, but Not Beautiful—Roses the Favorite Flowers.

Belts are fashioned sometimes with small fobs on either side, whence can depend the gold, silver or jeweled bonbonniere, converted for the nonce into a receptacle for face powder, the pencil and the book of tablets. There is a tendency to revive the chatelaine, which, on the whole, is but a tiresome appendage, whose belongings continually exhibit a desire to attach themselves where they are least needed.

Hats are really flamboyant this season. They have burst into most extravagant bloom and are literally loaded with trimming. As many as a dozen life size roses, with foliage, to say nothing of lace and ribbon, are sometimes seen on a single

CAPOTE.

hat, and equal riot prevails as regards color. Many conflicting tints are displayed on the same headgear, and effects which are decidedly nightmarish are not only tolerated, but approved, because they happen to have the sanction of misguided fashion. A navy blue hat, with red and yellow blossoms and green flowered ribbon, may be permissible, but nothing can make it beautiful or tasteful.

Many pretty combinations are seen, however. The colors employed are mainly frank and gay, but that is nothing against them if they are properly employed. Roses are the fashionable flower and are seen in all the natural shades and in many unnatural ones, mauve and purple notably. These last named colors are having a great vogue, both for millinery and costumes. Straws of a bright, solid violet are a feature of the season, and purple and lavender or mauve trimmings are seen on hats of other colors. Violets, both white and colored, continue to be popular.

The illustration shows a capote composed of guipure and nasturtiums. The guipure covers the small crown of the capote and forms a sort of crest, or aigret, on the left side. The nasturtiums are of different shades. JUDIC CHOLLET.

The English Expletive.

An intelligent Hindoo has been heard to define billiards as a game in which two men, armed with long sticks, poke at a ball, while one player says, "Oh, ——!" and the other "Hard lines!" Golf seems to have similarly impressed the native South African mind. A Kaffir warrior was observed attentively watching the efforts of certain unskillful players to extract their ball from one of those deep bunkers which greatly abound on African courses. The following day he was seen to be belaboring a great bowlder with a huge pole, shouting "——!" the while. "This white man's game," said the dusky child of nature. "Welly good game white man's game." The story has the merit of being true. All golf stories are.—Windsor Magazine.

Cripple Creek, Colorado,

now attracting attention in all parts of the world, on account of the marvelous discoveries of gold which have been made in that vicinity. The Northwestern line, with its unrivaled equipment of solid vestibuled trains of palace sleeping cars dining cars and free reclining chair cars, daily between Chicago and Colorado, offers the best of facilities for reaching Cripple Creek. No Messages Through the Tunnel.

Experts report that it is impossible to send a telegraph dispatch through the Hoosac tunnel, four and one-half miles from North Adams, Mass. It has been tried with all kinds of wire, and with a cable such as is used under the ocean, but in vain, Telegraph wires in consequence of this curious condition, have been carried over the surrounding mountains. A careful exploration of the tunnel has been made, but no magnetic or other ore has been found to interfere with the transmission of a message.

Tramps Take a Bath.

Tramps are not usually credited with habits of personal cleanliness, especially in cold weather, but the Danbury, Conn., News records the fact that one day last week three of them were seen taking a swim in the stream near the fair grounds in Danbury.

A Perfect Echo.

The most perfect echo in the world is said to be that of Shipley, in Sussex. It will repeat twenty-one syllables.

A mirror could not lie if it wanted to. The glass has nothing to gain by flattery. If the roses of health and plumpness of beauty are leaving your face, your mirror will tell you so. Health is the greatest beautifier in the world. When a woman sees the indications of ill-health in the face, she may with almost absolute certainty look for the cause in one or both of two conditions—constipation, and derangement of the organs distinctly feminine. Dr. Pierce's Favorite Prescription will cure permanently and positively any so-called "female complaint." Dr. Pierce's Pleasant Pellets will cure constipation. There is no reason in the world why a woman should not be perfectly healthy. She will gain in health, strength and flesh. Hollows and angles will give place to fullness and grace. BASEBALL REPORT.

Standing of the Clubs Composing the Three Principal Leagues.

The west began the eastern series yesterday very poorly, Cincinnati being the only one to hold its own. The Reds won handily from the Senators, and also stepped back into first place. Chicago has poor luck at the start. Louisville is playing an improved game and the Giants are steadily climbing up. Yesterday was the first time they won on their home grounds. Philadelphia passed Chicago yesterday, but the Colts are still holding close to the first division. A victory today would again place them above the Phillies. Yesterday's scores:

STATE OF WISCONSIN, CIRCUIT COURT FOR ROCK COUNTY.

In the matter of the Voluntary Assignment of George L. Carrington and Sarah H. Carrington.

Upon the petition and application of George L. Carrington and Sarah H. Carrington, dated on the 19th day of May, 1896, and filed in the office of the Clerk of the Circuit Court for Rock County, Wisconsin, on the 25th day of May, 1896, wherein the said petitioners as assignors and insolvent debtors have prayed for a discharge from debts; and it appearing that said petition has been verified, as required by Sec. 1702f of Sanborn & Berryman's Annotated Statutes of the State of Wisconsin; and it further appearing that said petition is in due and legal form; and it further appearing that said petitioners have asked the order of this Court, according to Sec. 1702g of Sanborn & Berryman's Annotated Statutes of the State of Wisconsin, and that further proceedings, as required by lay, be allowed for the discharge of said petitioners, as assignors and insolvent debtors, from their debts:

And it further satisfactorily appearing that the said petitioners made and executed an instrument of assignment, wherein Alexander E. Matheson, of Janesville, Rock County, Wisconsin, was appointed assignee for the benefit of creditors, and that such instrument or assignment, together with the bond of said assignee executed in due form, was duly filed with the Clerk of the Circuit Court for Rock County, Wisconsin, on the 22d day of January, 1896; that the name of the said Clerk of the Circuit Court for Rock county is Theodore W. Goldin, whose postoffice address is Janesville, Rock county, Wisconsin; and that the postoffice address of Alexander E. Matheson, the said assignee, is Janesville, Rock county, Wisconsin; therefore,

IT IS ORDERED, That the creditors of said petitioners, assignors and insolvent debtors, show cause, if any they have, why said insolvent debtors should not be discharged from their debts, that the application of the said insolvent debtors for the discharge from their debts, be heard at the court house in the city of Janesville, Rock county, Wisconsin, on the 27th day of July, A. D., 1896.

IT IS FURTHER ORDERED, That a copy of the the said order be published in the Janesville Daily Gazette, a newspaper published in the city of Janesville, in the said Rock county, once a week for six successive weeks prior to the said day of hearing.

IT IS FURTHER ORDERED, That a copy of said application of the said insolvent debtors, and also a copy of this order be, within five days from the date thereof, deposited in the postoffice at the city of Janesville, Rock County, Wisconsin, post paid and directed to each of the creditors of said insolvent debtors, whose address is known to such insolvent debtors.

Dated at the court house in the city of Janesville, Rock county, Wisconsin, this 25th day of May, 1896. By the Court,

JOHN R. BENNETT,
Circuit Judge.

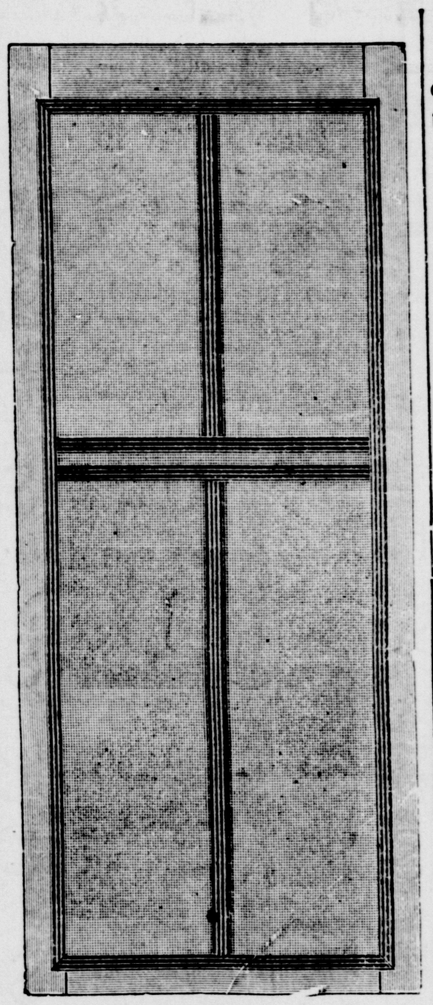
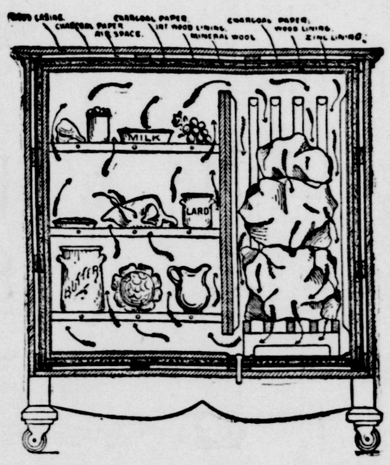
EARLY SUMMER MUST-HAVE'S





It's absolutely necessary to have one, and in many cases, all, of the things we talk on in this ad.

For instance, hot weather makes the keeping of the food and eatables generally untainted—a rather hard task unless your refrigerator is in good shape. You should have one large enough to keep all the table stuff in.

THE ILLINOIS AUTOMATIC
combined Refrigerator and Water Cooler is the best on the market. We handle other kinds as well and think you should see them before you buy.

Why not keep the lawn nicely cut and have it look as well as your neighbors? We can give you a good

LAWN MOWER FOR $2.75
and have better ones for a little more money. Our stock is large.

SCREEN DOORS & WINDOWS
A great stock of them. The kind you don't have to swear about while putting them in or taking them out. You can't kick about the price they are so cheap.

CLEVELAND SEAMLESS HOSE
No seam to leak or rot. It lasts twice as long as other Hose and is cheaper in the long run.

You can't explode.....
QUICKMEAL GASOLINE STOVE
It's an impossibility. They cost but one cent an hour per burner to run and are the only stove for summer use. Are you acquainted with its good qualities?
